

Overland Storage Software and Hardware Compatibility Guide

August 2008

We appreciate your considering Overland for your data protection needs. We work closely with leading software and hardware companies to provide the most reliable and compatible data protection solutions available to you. Please contact us if you have any questions or requirements.

Send your inquiries to: ddavies@overlandstorage.com

This document is intended as a quick reference only and may change at any time. This revision supersedes and replaces all previous revisions.

IMPORTANT NOTE: Check with your software vendor or reseller to verify the driver, software version, and operating system requirements before installation.

[Check the Archive Software Compatibility Guide for older versions of software not listed in this guide.](#)

[Check the End Of Life Software Compatibility Guide if the technology is older than those listed](#)

Overland Storage Software Compatibility Matrix - August 2008

Product	Backup Software	Version	Operating System	SDLT 320	SDLT 600	HP LTO1	HP LTO2	HP LTO3	HP LTO4	IBM LTO2	IBM LTO3	VTL	VTape	Disk	Notes
